Cookie Policy

What is a cookie?

A cookie is a small file which is placed on your computer, just like an image or a web page file. The difference with a cookie is that it contains information which allows a website to identify you as you click from one page to the next, or when you return to the website. It can also be used to allow personalisation of a website.

The cookies used and the information held within them have no personal information and cannot be used to identify you as a person. For this reason, we consider our cookies to be completely non-intrusive.

You can choose to accept or decline cookies. Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. This may prevent you from taking full advantage of the website and could prevent you from completing some purchases through our site.

We may partner with or receive services from third parties which you can visit from our website. We may also embed external content and features from such third parties within our website (e.g. social media appear on networks these such sites as and Linked are not In, Facebook responsible and for the Twitter). practices We do not employed control by. the websites content linked or to links or from our Site. In addition, these sites or services, including their content and links, may be constantly changing. These sites and services may have their own privacy policies and customer service policies. Browsing and interaction on any other website, including websites which have a link to our Site, is subject to that website's own terms and policies.

Cookie Policy

The cookies we use do not contain any sensitive information such as your name, address or any payment details. Sensitive information which you choose to provide to us as part of the quotation process is stored securely and is not collected in the form of a cookie. Only information which is relevant to your visit to our website is stored in the form of a cookie, for example if you have visited our site previously.

We use Google Analytics cookie (__utma, __utmb, __utmc, __utmz) to help us understand how our customers interact with our website and we use this information to continue to improve the user friendliness of our website.

Types of Cookies

Analytical cookies: These cookies track user statistical visit data such as country, browser type and pages visited.

You may find your internet experience is disrupted if you do this, but it is entirely within your control. If you wish to change your cookie settings, the following website provides useful information: www.aboutcookies.org
